

A large, vibrant sunflower is the central focus of the background, with its bright yellow petals and dark brown center. The sunflower is positioned on the left side of the page, with its head facing towards the center. The background is a solid, bright yellow color.

JANUARY 2016

WE HAVED MOVED TO NEW PREMISES!

We are pleased to announce that by the grace of Almighty Allah we have been able to move our current production facility to a newly purpose built factory on more than 45,000 sq feet of covered area in the heart of super highway Industrial area (Opposite zafa Pharma factory), enabling us to increase our production capacity to 2 MT, upgradable up to 10 MT per day.

This move is indeed a result of the patronage of our valued customers which we achieved through our commitments to maintain and deliver quality products. It was the trust and cooperation of our customers which led us to believe in ourselves and gave us the confidence to plan this quantum leap and move ahead to organize a factory based on the worldwide GMP standards.

It gave us immense pride that in a very short span of time we gained customers loyalty and today we cater to many national and multinational food and pharmaceutical industries in Pakistan, which resulted in our company to become a brand.

We are very glad to welcome all of our business partners to visit us at our new premises and enjoy business discussion over a cup of tea in the relaxed atmosphere and grace us with your blessings. (Also please inform your concerned departments about our new factory address, whereas the head office address will remain same as before).

Factory Address : E-68 Site Phase II Super Highway, Near Gulshan-e-Maymar, Karachi .
